

MOVING ON UP

with
primary
languages

Using Music and Movement to
embed Languages into the
Primary Curriculum

A repeat of last year's success with additional exciting workshops led by nationally and internationally acclaimed presenters!

Some excellent ideas which are easy to use in the classroom & build on - I'll start tomorrow!

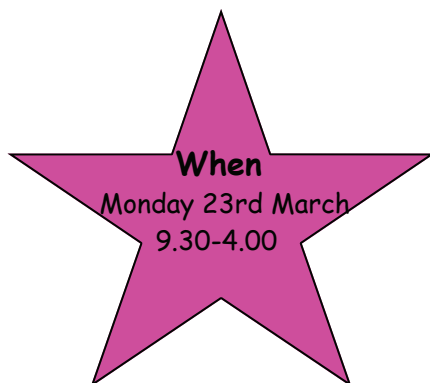

A brilliant day - totally useful for the classroom giving a host of practical ideas - I wish all courses were as good!

The only conference where you dress casually and wear trainers!

This Conference is for:

- ◆ Primary classroom teachers (This conference will be of particular interest to languages, PE and Music coordinators.)
- ◆ Teaching Assistants
- ◆ Secondary teachers involved in Primary outreach
- ◆ Schools specialising in Music, Sports and Languages
